## **DETAILED ACTION**

### ***Allowable Subject Matter***

Claims 1-28 are allowed.

The following is an examiner's statement of reasons for allowance:

See Board decision, dated 4/20/07. Specifically, page 4, the Board determined, "As such we consider the scope of the term automatically to be referring to a system that responds to a user input without further user action". Per this interpretation, the "first information from the said user" in the "obtaining" step of claim 1 is considered to be the "user input" of the "automatically determining" step. Based on this interpretation, the prior art does not show or teach the "automatically determining" step. Pages 5-6 of the Board decision address the scope of independent claims 19, 27 and 28.

Claims 2-18 and 20-26 are dependent upon claims 1 and 19.

The Eliot and the Jilovec references are NPL references of interest.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
